

EUROPASS SUPPLEMENT TO THE DIPLOMA OF

TITLE OF THE CERTIFICATE (original language: ES)

Técnico de Artes Plásticas y Diseño en Talla Artística en Madera

TRANSLATED TITLE OF THE CERTIFICATE (English)

(Diploma of Education in Plastic Arts and Design in Artistic Carving in Wood)

PROFILE OF SKILLS AND COMPETENCES

The holder has acquired general skills relating to:

Interpreting with rigor and artistic and plastic sensitivity such design information as may be provided to him or her whether in graphic or tangible form, in writing or orally, relating to the different work processes that distinguish workshops of this nature, and knowing and correctly using all available technical information on machines, instruments and tools that are specific to this activity. The holder of a Diploma of this level is qualified to carry out, individually or in a team, pieces and processes of work, in accordance with the specifications of the plans, designs or sketches of a project, employing the techniques and tools of this craft, whether manual or automatic, in a proper manner.

The art of wood carving is one of the oldest and most prestigious artistic and artisanal trades. It covers a broad labour market and is particularly essential in such traditional sectors as reproduction of sculptures, architectural ornamentation, iconography and liturgical objects and crafts in general whose material or medium is hewn or carved wood.

Within this framework, each PROFESSIONAL MODULE includes objectives leading to the following LEARNING RESULTS that the holder acquires.

“Historia de la Cultura y del Arte: Artes Aplicadas de la Escultura” (history of culture and art: art applied to sculpture)

The title holder:

- Develops his or her aesthetic sensitivity.
- Possesses humanistic knowledge, as a complement to his or her technical and plastic training.
- Approaches the cultural cycles with an open mind, knowing the essence of their ideological, social, economic and artistic peculiarities.

“Dibujo artístico” (artistic drawing)

The title holder:

- Develops his or her aesthetic sensitivity.
- Captures an image of his or her surrounding objects and is able to represent and reproduce that image graphically using different plastic and technical methods.

- Interprets sketches, drawings and blueprints, guidelines and other graphic information related to the artistic-artisanal and ornamental implementation and means of production of this speciality of wood carving.
- Develops his or her creativity.

“Volumen” (volume)

The title holder:

- Dominates the language of volumetric form needed to configure and interpret ideas, sketches, models, prototypes and three-dimensional patterns related to the production and the artistic, artisanal and ornamental expression of Art Applied to Sculpture in general and to artistic carving in wood in particular.
- Knows the materials required for a spatial conception of the artistic crafts, their techniques and procedures.
- Develops his or her creativity and artistic sense.

“Taller de talla en madera” (woodcarving workshop)

The title holder:

- Possesses the knowledge, skills and attributes that allow him or her to correctly execute the techniques and plastic values of wood.
- As a student, comes into contact with the specific materials and their expressive languages through the necessary knowledge of the tools and procedures, their use and practical effectiveness.
- Takes part individually and in a team in appropriate exercises.
- Fosters the implementation of interdisciplinary projects.
- Develops his or her creativity and artistic sensitivity.

“Formación y Orientación Laboral” (training and career guidance)

The title holder:

- Knows the legal working framework and the rights and obligations that derive from labour relations.
- Possesses the economic, commercial and social knowledge that makes it possible to administer and run a small and medium-sized company, or to work as a self-employed professional.
- Possesses specific knowledge as to the labour market access mechanisms and selection systems, and the skills that make it easier to find work.
- Knows the institutional bodies, both national and community, that help labour insertion and the services that provide economic aid and subsidies for entrepreneurial initiatives and self-employment.
- Knows the legal, corporate and professional instruments specific to the speciality.

RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE

The holder of a Diploma in Plastic Arts and Design in Artistic Carving in Wood carries out their professional activity in workshops and companies of an artisanal or industrial nature, whether public or private, small, medium-sized or large, related to the field of artistic carving in wood. He or she may also work as an independent professional or an associate in a cooperative.
